

Vision Systems

Project : Width Measurement of Rubber Sheet

Industry : Automobile [Tyre Mfg. Co.]

Objective : Accurate Width Measure.
for Better Tyre Quality

Highlights

- ✓ Most Cost-Effective Solution
- ✓ High Accuracy
- ✓ Online Measurement
- ✓ Cp, CpK Reports
- ✓ Single System for multiple Products

Scheme

Vision System stores Master Images of each Model / Recipe that is compared on a continuous basis with the Rubber Sheet passing below the Camera. In case, of the deviation is beyond prescribed limits, the system will give an alarm. Cp, CpK Reports are generated accordingly.
